

Restore our Earth

Conservation Day 2023

Please come join us as we celebrate Earth Day 2023. This year we will be holding a **save the Monarch Butterfly** planting and clean up the Deep Cut Park. Pictured are two of the plants that we will be planting and the Monarch Butterfly. We will have the park naturalist Ann Smedley from the Johnny Appleseed Metropolitan Park there to help us understand the importance of the Monarch Butterfly and how to plant these beautiful flowers. Then we will be taking a hike and picking up the trash along the way. This event will be free to anyone who would like to attend. So bring your family and friends.

DATE: April 15, 2023

TIME: 9 am until finished

COST: FREE

LOCATION: Meet in the parking lot at the Deep Cut Park on Highway 66 Just North of St. Mary's. 3659 Oh-66 Spencerville, Oh. 45887

You will need to bring gloves, a small shovel, and a small kitchen size trash bag. You never know what you may find on your hike so if you do not want to touch things on the ground, please bring a way to pick up trash without touching it.

Contact: Pam Ganser (419) 733-3352 for more information.
