

## Ordering Popcorn on Unit popcorn page

Log-in to your leader account at [www.trails-end.com](http://www.trails-end.com).

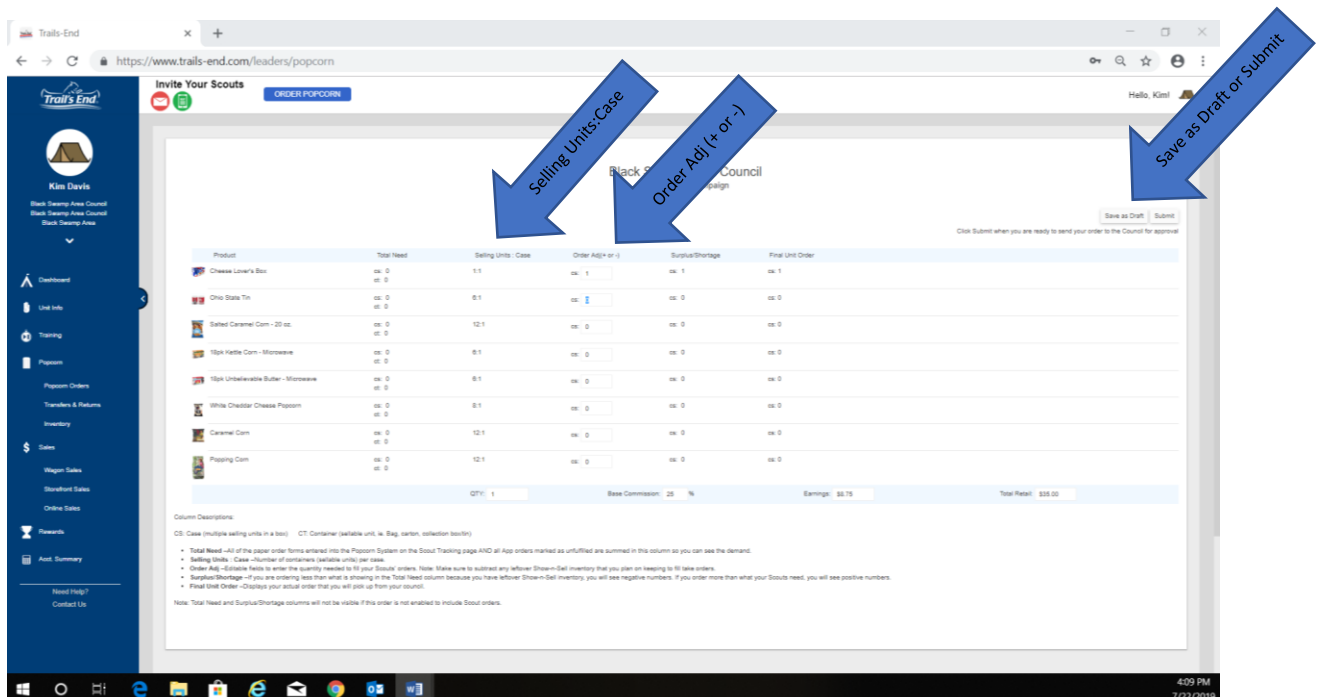

At the top of the screen, click the blue order popcorn button.

Choose 2019 Selling Campaign from the dropdown screen and Show and Sell from choose delivery.

At this point the screen with available product should load. Update the amount of cases you need in the order adjustment column by case. The quantity of containers in each case is in the selling units:case column. You may save your order as a draft or submit it to council.

Distribution locations have automatically been assigned to the district you are located in. If you would like to pick your popcorn up in another location, please contact Kim Davis at (567) 208-5284 and she will make that change.

Please note: chocolate popcorn will not be available to order until September during the mid-season shipment due to the heat in August.
